Dear Families,

The Boo Ball was a hit again. This year we raised over \$800. Thank you to all the families that came and supported our school. This year we will be replacing the fence with the help of a grant.

This month our units are Fire Safety, Self-Awareness, Families, and Thanksgiving. In December our units will be Friends Around the World, Gingerbread, and Celebrations.

Just a reminder if your child is sick, please keep them home until they are fever or diarrhea/vomiting free for 24 hours without the use of medication. Please let your child's teacher know if they will be out. You may text/email your teacher or call the office at 525-1967.

A few notes and important reminders...

- If your child's backpack has a water bottle, hand sanitizer, chap stick, or something similar on the outside, please make sure that item is facing towards the inside of the cubbie or zipped inside the backpack. It is in violation of our license to have such items within reach of a child that they don't belong to.
 - Please remember to pack a peanut and nut FREE lunch with one protein and a fruit or vegetable (or two veggies).
 - If you have to cancel lunch the morning of the day you were going to have lunch, please cancel on sign-up genius. So families can signing-up during the day.
 - Please check pockets for school toys, we are missing a few!
